Notice is hereby given that on 28th November 2018, in accordance with Regulations 14 and 35 of the Town and Country Planning (Local Planning) (England) Regulations 2012, Ipswich Borough Council adopted the Development and Archaeology Supplementary Planning Document (SPD).

The Development and Archaeology SPD highlights the considerations and processes for the management of archaeological remains through the development process. It should be read alongside the policies of the Ipswich Local Plan adopted February 2017, mainly Policy DM8 (Heritage Assets and Conservation). It is relevant to archaeological remains of all dates and types across the Borough, and will help developers and homeowners to plan development projects.

For general interest, the Development and Archaeology SPD also presents an up-to-date summary of the archaeology and historical development of the Borough, drawn from Suffolk County Council's Urban Archaeological Database for Ipswich.
