Notice of Consultation

(1) Proposed Submission Core Strategy and Policies Development Plan Document (DPD) Review – Pre-Submission Main Modifications

(2) Proposed Submission Site Allocations and Policies (incorporating IP-One Area Action Plan) DPD - Pre-Submission Main Modifications

Ipswich Borough Council hereby gives notice of its consultation on the Pre-Submission Main Modifications to the Core Strategy and Policies Development Plan Document (DPD) Review and Site Allocations and Policies (incorporating IP-One Area Action Plan) DPD. The consultation period will commence at 9am on Friday 9th October 2015 and conclude at 11:45pm on Monday 23rd November 2015. The Council is inviting representations on the Pre-Submission Main Modifications and the Sustainability Appraisals and Habitats Regulations Assessments with addenda. Representations may only be made in writing and are encouraged via the Council’s local plan consultation module on the website at www.ipswich.gov.uk/consultations. Forms are also available via the website and in paper copy at the drop-in exhibition and the locations listed below and can be e-mailed or posted to Planning and Development Business Support, at the address below, to reach us by no later than 11:45pm on Monday 23rd November 2015. Only representations received within this period have a statutory right to be considered by the Planning Inspector at a subsequent Examination in Public.

Inspection of documents:
The consultation documents will be available for inspection from Friday 9th October 2015 on the Council’s website (www.ipswich.gov.uk/consultations) and at the following locations:

- The Customer Services Centre, Town Hall, Cornhill, Ipswich (weekdays 8.30am to 5.30pm);
- The Ipswich County Library, Northgate Street, Ipswich (Mon, Weds, Thurs 9.00am to 6.00pm; Tues, Fri 9.00am to 7.00pm; Sat 8.30am to 5.00pm and Sun 10.00am to 4.00pm);
- Branch libraries across Ipswich (Chantry, Gainsborough open Mon-Sun various opening hours; Rosehill, Stoke, Broomhill open Tues-Sun various opening hours);
- Grafton House Reception, 15-17 Russell Road, Ipswich (Mon-Fri 8.30am to 5.00pm).

Copies of the consultation documents will be available free on CD, subject to availability, from the exhibitions or at Grafton House by request. Paper copies will be available at cost of printing plus P&P.

Representations may be accompanied by a request to be notified at a specified address of any of the following:

i) the submission of the local plan for independent examination under section 20 of the Act,
ii) the publication of the recommendations of the person appointed to carry out an independent examination of the local plan under section 20 of the Act, and
iii) the adoption of the local plan.

Drop-in exhibition:
Officers will be available to answer questions at the drop-in exhibition, which will be held on Saturday 7th November 2015 between 11am and 4pm in the Giles Room, Ipswich Town Hall.

Date of notice: October 2015

| CHAPTER 4          | Additional site allocations of sites previously listed under policy SP3 – to be added to Table 1:  
  - IP011a Lower Orwell Street (former Gym & Trim and formerly listed as Smart Street/Foundation Street) 0.15ha, 14 dwellings (90dph on 100% of site) (permission for student accommodation granted 25/10/11 - lapsed Oct 2014)  
  - IP047 Land at Commercial Rd 2.86ha, 103 dwellings (90dph on 40%) as part of a mixed use scheme of 40% housing, 20% public open space and enhanced river path, 40% office, leisure, hotel (development including supermarket approved 7/2/11 – lapsed Feb 2015)  
  - IP090 Europa Way 1.43ha, 18 dwellings (indicative masterplan), as part of a mixed use district centre (approved 11/07/11 – lapsed July 2014)  
  - IP132 Former St Peters Warehouse Site, 4 Bridge Street, 0.18ha, 73 dwellings as part of a mixed use scheme (with B1a office use, leisure or small scale retail) (approved 14/4/11 – lapsed April 2014)  
  - IP135 112-116 Bramford Road 0.17ha, 14 dwellings (pending application withdrawn October 2014) | The plan baseline has been updated to 1st April 2015. The planning permissions for some sites have now lapsed or applications been withdrawn and therefore it is appropriate to allocate the sites for development.  
Reference to the district centre added to IP090 to ensure the allocation through SP2 aligns with its allocation as a District Centre through policy DM21.  
Capacity of IP132 Former St Peter’s Warehouse increased from 48 to 73 to reflect the successful bid for the site. | Editorial update. ALDI |

Site sheets have been prepared for these allocations for inclusion in Appendix 3A.

Preferred Option 2007

As part of a larger site UC011 including the bus depot to the south, 80% housing at high density - 112 dwellings

20% B1 employment

Current use

Disused gym building and car park

Development constraints / issues

The site affects an area of archaeological importance within the area of the Anglo-Saxon and medieval town. It lies adjacent to Scheduled Monuments relating to parts of the early town. Measures for archaeology should be addressed at an appropriate stage in the planning process. Archaeological costs have the potential
to be relatively high, and early evaluation is advised so that decisions can be taken on preservation and/or appropriate investigation strategies designed.

It is adjacent to the Central Conservation Area, close to a listed building (Tooley’s Court) and contains trees protected through a TPO.

It is close to an Air Quality Management Area (Star Lane) and just outside the Flood Zone.

Development principles for the Merchant Quarter, within which this site is located, are set out in Chapter 6 of the Site Allocations and Policies plan (see 'Opportunity Area B').

As part of a larger site UC048:

20% housing at high density – 152 dwellings

20% Open space / recreation

20% Leisure

40% Employment (B1)

Current use

Temporary car park, vacant land
Development constraints / issues

Adjacent to Area of Archaeological Importance.

Previous planning permissions (e.g. 08/00953/FUL) have had a condition attached requiring archaeological investigation, which could include archaeological monitoring and recording of initial groundworks with contingency for fuller archaeological recording if deemed necessary; recording the remaining railway features; checking whether any trace of the dock tramway survives; and a palaeoenvironmental sampling strategy.

In a Flood Zone and adjacent to an Air Quality Management Area. Possible contamination.

Contains trees protected by a TPO (an application for tree works may be required).

Adjacent to the river which forms a major green corridor and ecological network and is a County Wildlife Site.

Development principles for the River and Princes Street Corridor, within which this site is located, are set out in Chapter 6 of the Site Allocations and Policies plan (see ‘Opportunity Area F’).

A cycle path should be provided as part of a continuous path along the River Gipping.

N/A Had permission for retail and residential mixed use.

Current use

Vacant land.

Development constraints / issues

Archaeology - this site lies in an area of Prehistoric archaeology (IPS 018, IPS 400). Part of the site is likely to have been destroyed by extraction of clay for brick-making. No objection in principle to development but it will require a condition relating to archaeological investigation attached to any planning consent. Desk-based assessment would assess the impacts of past land-use.
Residential development would need to take account of noise from the railway. Development design and layout would need to support the wildlife corridor function of the railway.

The site is reference 153 in the Ipswich Wildlife Audit 2012, which concluded that ‘Given the proximity to the railway line and the presence of suitable habitat, it is highly likely that a small slow worm population will remain within this area. Any future development proposals on this plot must therefore address the presence of reptiles prior to any site clearance.’ This will require a reptile survey prior to any vegetation clearance, and mitigation where appropriate.

Development constraints / issues

Archaeology - this site lies in an area of international archaeological importance, on the Anglo-Saxon and medieval waterfront of Ipswich (Historic Environment Record IPS 413). This site potentially represents that last surviving section of ‘early’ waterfront, and may also encounter the remains of bridges dating from at least the 10th century. The site will involve potentially high excavation costs. Measures for archaeology should be addressed at an appropriate stage in the planning process. Early consultation and evaluation is advised so that decisions can be taken on preservation in situ, and/or appropriate investigation strategies designed
The site is within the Flood Zone and within the Air Quality Management Area.

It is within the Central Conservation Area and 4 College Street is a listed building.

Development constraints / issues

No requirement for archaeology. Previous monitoring revealed disturbance and clean sands.

Opposite a listed building.

TPOs on the site (an application for tree works may be required). Possible contamination.
