

Ravenswood - Ipswich

- Two options for managing impact of proposed growth in the Ravenswood area. Access from the Hallowtree/Orwell Country Park access road onto Nacton Road to remain as left in/left out
 - Signalisation of Thrashers roundabout to manage capacity
 - Moving the bus gate from the Maryon Rd access to a point within the site adjacent to the school. This will split access to and from the development and reduce impact on the Thrashers roundabout to enable proposed growth
