

Notice of Adoption of the Ipswich Local Cycling and Walking Infrastructure Plan

Notice is hereby given that on 16 July 2025 Ipswich Borough Council adopted the Ipswich Local Cycling and Walking Infrastructure Plan (LCWIP).

The Ipswich LCWIP 2025 identifies a vision, routes and measures across Ipswich to encourage more people to safely walk, wheel, or cycle. The routes and measures identified in the Ipswich LCWIP are drawn from the Council's existing policies and strategies and have been assessed and prioritised for funding opportunities. The public were invited to provide views on the visions for walking, wheeling and cycling, and whether they agree with the ranking of routes and improvements and specifically with the top five priorities.
