

# Wheelchair accessible taxis/private hire vehicles

Ipswich Borough Council is responsible for licensing taxis and private hire Vehicles which operate within the borough.

We ensure that a proportion of taxis in the borough are safety constructed and equipped to carry passengers in wheelchairs.

This document contains details of all the licensed taxis and private hire vehicles which have been designated under Section 167 of the Equality Act 2010; and where the proprietors have consented to us including additional details in this list, contact details for booking these vehicles for journeys. Please note that there is no guarantee that the driver will be able to carry out the journey requested.

When one of these vehicles is hired by or for a disabled person who is in a wheelchair, or by another person who wishes to be accompanied by a disabled person who is in a wheelchair, the driver of the vehicle must:

- a) **Carry the passenger while in their wheelchair;**
- b) **Not make any additional charge for doing so;**
- c) **If the passenger chooses to sit in a passenger seat, carry their wheelchair;**
- d) **Take such steps as are necessary to ensure that the passenger is carried in safety and reasonable comfort;**
- e) **Give the passenger such mobility assistance as is reasonably required, i.e. assistance:**
  - (i) **To enable the passenger to get into or out of the vehicle;**
  - (ii) **If the passenger wishes to remain in the wheelchair, to enable the passenger to get into and out of the vehicle while in their wheelchair;**
  - (iii) **To load the passenger's luggage into or out of the vehicle;**
  - (iv) **If the passenger does not wish to remain in the wheelchair, to load the wheelchair into or out of the vehicle**

It may not be possible for taxis to carry larger specialist or motorised wheelchairs in their vehicles if the safety of the passenger cannot be assured. The statutory duties will therefore apply to wheelchairs sized up to the dimensions of the following 'reference wheelchair':

Length:

1200 mm (approx. 48")  
including footplates

Width:

700mm (28")

Total seated height:

1350 mm (54")

Clearance under  
footplate:

150 mm (6")

If a driver has been exempted from these duties due to medical conditions which affect their ability to safely carry them out, the driver must display an official exemption certificate in their vehicle.
