

Community Safety Partnership

Objectives	Priorities	Actions Headings	Members
<ul style="list-style-type: none"> To enhance community safety. To promote a wider understanding of the contributions and responsibilities of individual agencies and develop a shared commitment to the aim of the Partnership. To consider a variety of options to prevent and reduce crime, disorder and the fear of crime, following an evidence-based problem solving approach, and to promote the sharing of good practice and to divert people away from crime. To promote monitoring, evaluation and research into the effectiveness of local initiatives. To develop and maintain links with community groups and to value the views expressed by voluntary, community and business interests. To encourage and monitor collaborative partnerships between local communities, statutory and non-statutory organisations.
