22nd December 2015

Dear Mr Sample

Pollution Prevention and Control Act 1999
Environmental Permitting (England and Wales) Regulations 2010 as amended

Re: Donalds Garage, West End Road, Ipswich, Suffolk, IP1 2DZ

I write following my inspection on 22nd December 2015 in relation to your permit to operate a waste oil burner. The permit is being complied with subject to the following matters

1 Condition 5 requires you have a log book to record an incidents such as smoke emissions. This should record the date and time of the incident together with what the incident was such a black smoke and what action was taken such as turned off burner.

2 Condition 14 requires you to nominate the staff authorised to operate the burner. It is recommended that this is detailed at the front of the log book.

These matters will be picked up at the next inspection.

Please contact me if you wish to discuss any matters relating to the permit

Yours sincerely

David Rowe
Senior Environmental Protection Officer
