Who is affected?	Impact (positive/negative/no change)	Explanation of impact	Actions to mitigate any adverse impact or further promote positive impact
Age	No change	<p>There would be no impact as young people aged 12-15, who could normally use Waterfront are now able to use Crown Pools gym on the same basis. All other age groups that use the Waterfront Gym would have the same access at the other gyms, with similar equipment available.</p>	<p>Young Person + members will be written to offering them the opportunity to join Crown Pools on the same membership type.</p>
Disability	No change	<p>All of Ipswich Borough Council's gyms are accessible to those that are disabled or have mobility issues. Customers can use Whitton Sports Centre gym as the equipment is accessible like at Waterfront. Crown Pools gym is also accessible. This is evidenced by the disability groups we have use our other gyms.</p> <p>Those with disabilities can be more financially restricted and the new Gym Only membership is the same price (£20 compared to £19.99 for Waterfront</p>	<p>Invite all Waterfront members to join other Ipswich Borough Council gyms and outline their accessibility. The Gym Only membership price is now the same price as Waterfront Only so promote this membership type as a like for like.</p> <p>Less equipment in the gyms because of social distancing so accessibility in them is easier.</p>

Appendix 1 – Definition of the nine Protected Characteristics listed under the Equality Act 2010

Age	Where this is referred to, it refers to a person belonging to a particular age (for example 32 year olds) or range of ages (for example 18 - 30 year olds).
Disability	A person has a disability if s/he has a physical or mental impairment which has a substantial and long-term adverse effect on that person's ability to carry out normal day-to-day activities.
Gender reassignment	This refers to a person who is proposing to undergo, is undergoing or has undergone a change from one gender to another. The Equality Act introduced a number of changes to the legal protection of transgender and transsexual people. The Act no longer requires a person to be under medical supervision to be protected - for example, a woman who decides to live permanently as a man (or visa-versa), but does not undergo any medical procedures is protected by law.
Marriage and civil partnership	Marriage is no longer restricted to a union between a man and a woman but now includes a marriage between same-sex couples. Same-sex couples can also have their relationships legally recognised as 'civil partnerships'. Civil partners must not be treated less favourably than married couples (except where permitted by the Equality Act).
Pregnancy and maternity	Pregnancy is the condition of being pregnant or expecting a baby. Maternity refers to the period after the birth, and is linked to maternity leave in the employment context. In the non-work context, protection against maternity discrimination is for 26 weeks after giving birth, and this includes treating a woman unfavourably because she is breastfeeding.
Race	This refers to a group of people defined by their race, skin colour, and/or nationality (including citizenship) ethnic or national origins. The term ethnic minority community is used to define a group of people that is numerically smaller than the predominant white British community. This includes people from communities such as Irish, Turkish, Cypriot, Eastern European and Travelling people.
Religion and belief	The term "religion" refers to both the personal practices related to communal faith and to group rituals and communication stemming from shared conviction. Belief can include religious and philosophical beliefs, including lack of belief (e.g. atheism). Generally, a belief should affect your life choices or the way you live for it to be included in this definition.
Sex (Gender)	This refers to either a male (man) or female (woman).
Sexual orientation	Whether a person's sexual attraction is towards their own sex, the opposite sex or to both sexes.
