

BRADLEYS (STOWMARKET) LTD

INSPECTION 12 SEPTEMBER 2012

Undertake inspection with Gary Winmill of Bradleys. he is leaving at end of the month and new person will be Doug Renwick

Check compliance with permit all matters satisfactory. Receive annual returns all satisfactory. Advise about permit requirement due to level of solvent and powder used. Matters raised last time have been addressed. Layout of plan has changed slightly provided with new plan. Levels of solvent useage have decreased as now using white rag only and can see if dirt or grease if only dirt not degreasing. Next emmison testing is end of month and will forward results.

Overall good compliance. Risk assess as low
