Ransomes Europark
IPSWICH
IP3 9RR

12th October 2010

Dear Mr Laird

**Local Authority Pollution Prevention and Control
The Pollution Prevention and Control Act 1999
The Environmental Permitting (England and Wales) Regulations 2007**

I write following my inspection on 6th October 2010.

I enclose a copy of the permit as requested.

The inspection was satisfactory subject to the following matters:

- (a) a supply of absorbent material is obtained to be used in the event of spillage (Clause 31).
- (b) The training programme and records are kept fully up to date and refresher training given to staff as appropriate points. This should be documented.
- (c) The records of tests and monitoring of emissions including unusual assessments should be stored on site for 2 years.

Please contact me if you wish to discuss the matter.

Yours sincerely

David Rowe
Senior Environmental Health Assistant
Environmental Protection Services
