

INSPECTION REPORT

JOHNSONS DRY CLEANERS, 474 FELIXSTOWE ROAD, IPSWICH

3RD NOVEMBER 2010

Meeting with Alex Abley, Manager

1. The level of solvent per kilogram of product cleaned and dried was above 20g of solvent per kg. A new machine is to be fitted by end of the month. Explained they needed to inform us of this change (Clause 1 + 4).
2. Operating Manual available (Clause 5).
3. Staff trained and recorded (Clause 6).
4. Storage OK (Clause 11 and 12)
5. Spillage tray OK (Clause 19)
6. Maintenance undertaken by head office – details kept on site (Clause 24)
7. All spares provided by lead office (Clause 25)
