7th October 2011

Dear Messrs Sritharan and Vaseeharan,

**Pollution Prevention and Control Act 1999
Environmental Permitting (England and Wales) Regulations 2010**

Thank you for your assistance during my recent visit.

I understand that you are currently waiting for a certificate from Petroman Environmental Services Ltd. I should be grateful if you could provide me with a copy of this document when it is available.

I have noted that the signs near to the vapour recovery and petrol connection points need replacing. As per conditions 13 and 18 of your permit, the signs should be legible and durable.

I have also noted that your permit is in need of a revision. Can you therefore confirm that the registered names are the same ones as on this letter? Once I get this information, I will issue you with a new permit.

Please feel free to contact me if you have any queries.

Yours sincerely,

Varuna Addy
Acting Principal Environmental Health Officer
Environmental Protection
