Dear Mr Rackham

**Pollution Prevention and Control Act 1999
The Environmental Permitting (England and Wales) Regulations 2010
Permit ref: EP23/3**

Further to the inspection undertaken by my colleague David Rowe in October, I can confirm that the operation was found to be satisfactory and complied with the conditions of the permit and had a LOW risk rating.

As you may be aware Defra has recently produced a revised process guidance note for the re-spraying of road vehicles [PG6/34(11)]. Please find attached a Variation Notice, accompanied by the varied permit ref: EP23/3 which takes account of changes made in the guidance.

If you have any queries or would like to discuss the varied permit please do not hesitate to contact me.

Yours sincerely

Louise Burns
