

TREE SURGERY & CONSULTANCY

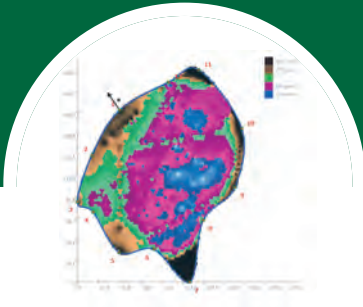

Ask our experts for cost-effective tree solutions

Tree surgery

- Tree surgery - crown thinning, cleaning, lifting, formative pruning and bracing
- Tree felling including dismantling of dangerous trees in confined spaces
- 24/7 emergency response available
- Pest and disease identification and control
- Veteran tree management
- Air spade and root investigation

TREE CONSULTANCY

Where trees grow close to people and property, personal and public safety is of vital importance. Trees that could cause harm or injury if they fail need to be regularly inspected and managed to keep risks to an acceptable level. All tree owners have a general duty of care to make sure that their trees are systematically inspected by a competent person.

We are experts in all aspects of tree management and health care and provide a wide range of services that can be customised to meet your needs and budget.

- Tree safety management
- Urban tree design in hostile environments
- Asset management and tree health care
- Tree Canopy cover assessments
- Contract management and work prioritisation
- Trees in the planning framework
- Management of trees under statutory protection
- Decay mapping

Product Range

Sustainable air dried hardwood logs

Our seasoned logs are produced from necessary tree surgery or felling operations. Wood can be collected from our timber yard or converted logs can be delivered straight to your door. Our high quality logs are suitable for open fires, log burners and stoves.

Our sustainable woodchips are produced from our tree surgery operations. They are an excellent mulch for garden borders and beds or you can create attractive woodland paths. We can also provide G30 woodchips for bio-mass boilers.

Sustainable timber, sawn timber and products for wood turning

Our air dried timber is available in a selection of sizes, lengths and species from oak, beech and birch to less common woods. We can convert our air dried timber into planks and beams to meet your needs. A selection of wood for woodturning is also available.
