- Help for schools to achieve Eco School Accreditation with relevant educational workshops
- Hands on events e.g. building homes, boxes, feeders for wildlife
- Wildlife themed days with your picnic in the park adjacent to play areas.

WILDLIFE FOR ALL

Conservation

Management Plans created to show a site’s potential which are particularly relevant for groups of all types, landowners or property developers.

Habitat restoration and enhancement, creation of semi-natural wildlife habitats to suit bespoke sites use and natural potential. Each site is unique requiring unique plans.

Events

Specialist events scheduled throughout the year suitable for families, groups, hobbists. These may be hands on e.g. bird box building or guided walks through local parks and open spaces. These events are frequently led by invited speakers who are experts in their specialist field.

Bespoke events, corporate days and events tailor made for you.

Education

Workshops for school children, Brownies, Cubs, Girls/ Boys Brigades in particular for those in Key Stages 1 and 2.

We can come to your school or you can bring the children to a park for more space and wild habitats with opportunities to use the parks play facilities between sessions.

Outdoor activities lead to more creative and imaginative work and greater concentration within the classroom.
