29th January 2016

Dear Mr Ashcroft

Pollution Prevention and Control Act 1999  
Environmental Permitting (England and Wales) Regulations 2010 as amended

Re: Bradleys (Stowmarket), 49 Knightsdale Road, Ipswich, Suffolk, IP1 4JJ

I write following my recent inspection in relation to your permit under the above legislation. I can confirm that compliance with the permit is satisfactory. The record keeping was well organised and systems in place to ensure that returns were made as required by the permit. I understand you a contract for the monitoring and that this relationship is working well.

You mentioned that the site may change in the future if this is the case then please ensure you submit an up to date site plan so this can be amended.

It was encouraging to see that you had resolved the issue with a recent complaint about odour by enclosing the recycling machine.

Having checked our files it appears that previously there was a query about degreaser tanks and whether these were correctly referred to in the permit. I would therefore be grateful if you could confirm the details for any degreaser tanks so we can ensure they are correctly referenced in the permit

Thank you for your cooperation during the inspection and please do contact me if you wish to discuss the matter

Yours sincerely

David Rowe  
Senior Environmental Protection Officer
