

# Enjoy an outdoor walk

## Landseer Park Walking Routes

This open space on the South East of Ipswich combines play areas with vast open areas for play, picnics and wildlife watching adventures! For a longer adventure you can walk from Holywells Park through Landseer Park onto Orwell Country Park.

These walks aim to show you some of the best features of the park. Please be advised that the natural paths may have wet, steep or have uneven terrain. Please keep to the designated paths and keep your dog on a lead except in the short-mown grassland areas to avoid disturbing rare and sensitive wildlife.

A great place for wildlife in the summer, keep your eyes peeled for a Common Lizard basking on a log or the park's iconic Marbled White Butterfly on the wildflowers.
