

IPSWICH BOROUGH COUNCIL

Notice of review of polling districts and polling places 2018-2020

In accordance with the Electoral Registration and Administration Act 2013, Ipswich Borough Council is conducting a review of polling districts and polling places.

The Returning Officer will make representations on proposed polling stations.

We welcome representations from electors within the authority area or within a UK Parliamentary constituency that has any part in the authority area on any aspect regarding the council's proposals for polling districts or polling places.

We also welcome representations from interested persons or groups, particularly those with expertise in disability access issues on the authority's proposals, the Returning Officer's representations or any other matters.

Any persons or bodies making representations should, if possible, provide alternative places that may be used as polling places.

Details of the current arrangements are available online at www.ipswich.gov.uk/elections.

Representations can be made in writing to the electoral services team at the address below or by email. All representations that we receive will be published and made available for inspection.

The deadline for making representations is **18 September 2020**.

The final proposed arrangements (following receipt of any further representations) will be considered at the meeting of the Full Council on **18 November 2020**. The outcomes of the review will be published thereafter. Any changes will be implemented on the register of electors republished on 1 December 2020.
