

Privacy Notice – Emergency Services Centre (ESC) (Public Space CCTV)

Introduction

The Emergency Services Centre at Ipswich Borough Council ('the Council') provides this privacy notice to you to help you understand how we collect, use and protect your Personal Data.

This Notice applies to individuals whose Personal Data is collected and used by the Emergency Services Centre.

When reading this document please note that we use the terms 'Personal Data' and 'Personal Information' interchangeably.

The purpose of this document is to acknowledge the Council's responsibilities to you under the United Kingdom General Data Protection Regulation (GDPR) and the Data Protection Act 2018 (DPA 2018).

For information on how the Council generally processes and protects your personal information please view our Privacy Notice, which can be found at https://www.ipswich.gov.uk/content/privacy-policy.

The Data Protection Officer for Ipswich Borough Council is Siobhan Martin, Head of Internal Audit. She can be contacted at dataprotection@ipswich.gov.uk

Definitions used in this Notice

Personal Data means any information related to an identified or identifiable living individual- known as a 'data subject'. An individual is regarded as identifiable if they can be identified, directly or indirectly, from the information.

Special Category Data previously known as 'sensitive personal data', relates to race, ethnic origin, politics, religion, trade union membership, genetic data, biometric data (where used to identify a person), health, sex life or sexual orientation. Special Category Data is distinct from other 'ordinary' data and requires greater justification for use and greater care when handling it.

Records of personal data relating to criminal convictions and offences and allegations are deemed to be as sensitive as the above types of data.

Processing means any operation which is performed on information such as collection, recording, organisation, structuring, storage, adaption or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or making available, alignment or combination, restriction, erasure or destruction.

Data Controller determines the purposes and means of processing personal data.

Data Processor is a person or entity that processes personal data on behalf of the Data Controller

Who we are and what do we do:

More detail is provided below but, briefly, the CCTV team operates a network of cameras within the area of the Ipswich Borough. The cameras are monitored for the purpose of preventing crime and/ or disorder and safeguarding and ensuring public safety.

The Council is the 'Data Controller' for the information which is collected and further processed. This means we are responsible for deciding how we use your information.

If you would like more information regarding the services delivered by the Council *generally* please visit our website, https://www.ipswich.gov.uk/.

On some occasions, the Council and other organisations may act as 'joint' data controllers. This means that we and the other organisation(s) decide between us what is to be done with personal data and how it is to be processed. Where this is the case the Council and the other organisation(s) will agree upon their respective legal responsibilities for the proper handling of personal data.

Where an incident is ongoing, we may process personal data jointly with the Police making use of the 'Airwaves' radio system. We also, where appropriate, may share our camera feed with the Police so that they can see what is happening 'on the ground' in real time.

How we lawfully process Personal Data

If you would like to know more about this processing please contact us in the first instance.

The law allows us to process your personal data in several potential ways. In the case of Personal Data that is not deemed to be special category or about criminal convictions or offences it is processed in one of the following ways:

- a) where the Council needs to comply with any legal obligation placed upon it
- b) to protect the vital interests of individuals
- In the legitimate interests of a third party (preventing crime and/ or disorder and safeguarding and ensuring public safety)
