Dear Sir/Madam

RE: Environmental Permitting (England and Wales) Regulations 2016, Regulations 22 & 66(5)
Re: Petrogas Ltd, Woodbridge Road East, Ipswich, IP4 5NQ
Re: Failure to Pay Invoice

I write following the failure to pay the invoice issued by Ipswich Borough Council in relation to the authorisation fee required by the above legislation.

Our revenue collection department has repeatedly made contact in order to obtain payment of the invoice.

As notified on the 10th July 2017 please find enclosed a revocation notice to revoke your permit to operate a prescribed process due to failure to pay the necessary fee.

It is an offence to operate a prescribed process without a permit and the revocation of said permit will require you to cease activity at the site.

Revocation of the permit will also require the operator to restart the application process to obtain a valid permit.

If you wish to discuss the matter further please contact me at 01473 433 120.

Yours sincerely

Ben Atkinson

Guidance for operators receiving a Revocation Notice

(This guidance does not form part of the Revocation Notice, but it is for the guidance of those served with the notice). Further guidance can be found in the PPC General Guidance Manual at <http://www.defra.gov.uk/environment/quality/pollution/ppc/localauth/pubs/guidance/manuals.htm>.

Dealing with a Revocation Notice

This notice revokes the permit (in whole or in part) for operation of the installation specified in the Notice.

The revocation/partial revocation takes effect from the date given in the Notice. From that date onwards continuation of the operation of the installation or that part specified will constitute an offence.

Appeals

Except in the case of a revocation for non-payment of charges, operators have the right of appeal against a revocation notice under regulation 31(2)(f) of the 2010 Regulations. The right to appeal also does not apply in circumstances where the notice implements a direction of the Secretary of State/Welsh Ministers given under regulations 61 or 62 or a direction or when determining an appeal.

Appeals against a Revocation Notice will suspend the operation of the Notice. Appeals do not have the effect of suspending permit conditions.

Notice of appeal against a revocation notice must be given before the date specified for revocation of the permit. The Secretary of State/Welsh Ministers may in a particular case allow notice of appeal to be given after the expiry of this period, but would only do so in the most compelling circumstances.

How to appeal

There are no forms or charges for appealing. However, for an appeal to be valid, appellants (the person/operator making the appeal) are legally required to provide the Secretary of State or Welsh Minister with the following (see paragraphs 2(1) and (2) of Schedule 6 of the 2007 Regulations):

- § written notice of the appeal
- § a statement of the grounds of appeal;
- § a copy of any relevant application;
- § a copy of any relevant environmental permit;
- § a copy of any relevant correspondence between the appellant and the regulator;
- § a copy of any decision or notice which is the subject matter of the appeal; and
- § a statement indicating whether the appellant wishes the appeal to be in the form of a hearing or dealt with by way of written representations.

Appellants should state whether any of the information enclosed with the appeal has been the subject of a successful application for confidentiality under regulation 48 of the 2010 Regulations, and provide relevant details – see below. Unless such information is provided all documents submitted will be open to inspection. Further guidance on confidentiality can be found in chapter 8 of the PPC General Guidance Manual.
