The drivers listed below, some of whom are not attached to the Operators listed above, all have wheelchair accessible vehicles and would normally work from taxi ranks. However, in an effort to assist passengers who have wheelchair requirements, they have provided their names and mobile telephone numbers so that persons who would like to book a journey can contact them. Try to arrange your journey with a few days notice, as this will be of benefit to both the passenger and driver.

The provision of this list does not guarantee the caller that the phone will be answered or the requested journey will be able to be accepted. The driver may be sleeping and have his phone turned off, or he may already be booked at the same time as the caller is requesting to make a journey.

SOME DRIVERS WORK AT NIGHT AND HAVE LISTED TIMES THEY CAN BE CONTACTED. PLEASE OBSERVE THESE REQUESTS AS DRIVERS DO NEED TO SLEEP AND WILL ASK TO BE REMOVED FROM THIS LIST IF IT IS ABUSED.
